

Notes to Form PTO/SB/122 for Appn. 10/524,742:

If you look at the address used for the office action and the address in PAIR, you will see that there are a few typos in our postal address. I have tried to fax in the SB/122 form two times, at the request of the USPTO customer service representatives (by phone), but nothing happened. I have a customer number 71412, and I registered the correct postal address there too, but nothing has happened. I don't know what is wrong and how to proceed, but would appreciate it if someone could please help correct it. Thank you.
